

## **The return of the Uardry Dohne Merino Stud for the 2014 selling season**

It is with great pleasure that we announce the return of the Uardry Dohne Merino Stud for the 2014 selling season.

The progeny of last year's joining of the 740 top quality Uardry stud ewes have now been assessed, with stud master Jason Southwell commenting that the standard of sheep is equal to any Uardry Dohne bred in the Riverina.

We have been very impressed with the wool quality and cut, evenness of type and early growth rates exhibited by the Uardry Dohne Merinos. For the second year running the maiden ewes have lambed well over 100% despite the dry conditions.

Under the close scrutiny of Jason Southwell and Dohne Assessor Allan Clarke, 200 top of the drop Uardry rams of outstanding quality have been selected for sale.

The return of the Uardry Dohne Merino to the display and sale circuit will commence at the Australian Sheep and Wool Show at Bendigo held from the 18th – 20th July.

Following the display at Bendigo, the Uardry Dohne Merino will also be in attendance for your inspection at the following events:

- **Sheepvention, Hamilton Vic on the 4th – 5th August. 5 specially selected Uardry Rams for sale by auction.**
- **Inaugural Uardry Southern Sale, Swan Hill on the 3rd September. 50 Uardry rams for sale by auction.**
- **Westech Field Days, Barcaldine QLD on the 9th – 10th September. Rams for both display and sale.**
- **The Uardry Production Sale to be held in conjunction with the Calga Dohne Stud at Coonamble NSW on the 17th September. 30 Uardry rams for sale by auction.** Uardry Rams will be available for private selection post sale.

We invite you to join us at any of these events, to catch up not only with the old but to meet the new Uardry team as we continue the proud tradition that is the Uardry Dohne Merino Stud.
